    • CSUN has had to assign 8-12 lecturers to offices with four desks
    • Campuses report that FERPers have to share offices
  Student Success (including presentation by Provost at CSULB):
  • Committed to curricular streamlining and effective pedagogy; advising; use of data.
  • Time to degree is an issue. If students completed their degrees in one semester less time, the access issue for qualified students who are denied admittance would be addressed. Double majors graduate in less time than those with one major.
  • Recruitment of tenure-track faculty: Need to stress the needs of students of the future, with attention paid to innovative and entrepreneurial traits
